L'Envol

Created by Gauthier Poulain & Yves Ullens - Brussels (Belgium) 2019

Chromaluxe, painted steel, mirror -125x 110 cm - 1/3 (+2 A.P.)

L' Envol is a wall art and design object composed of one of my photographs from which Gauthier Poulain was inspired to create an original mirror work. The movement of the lines of the abstract image echoes the circular mirror with the evanescent surface and sinuous curves of the floating steel structure. The reflection of the visitor appears at the very heart of the work before mysteriously melting into the image. The abstract image obtained at the lens then takes another dimension in space and is dynamized thanks to the volume.

125 x 110 cm, edition 1/3, 2/3

Prix TVAC :~~13.500 €~~ - 10.125 €

Separating work Space / Eole

Created by Gauthier Poulain & Yves Ullens - Brussels (Belgium) 2019

Photography, painted steel - L116 x p25 x h160 cm -1/5 (+2 A.P.)

Eole is an object of art and practical design, composed of two photographs by Yves Ullens from which Gauthier Poulain was inspired to create this original work. Halfway between the screen and the sculpture, the object is a modular triptych in space. Abstract images adorn each side of the metal structure allowing the visitor to discover a new point of view and to modulate the object as they wish.
